

WORLD CHANGE STARTS WITH EDUCATED CHILDREN

Room to Read believes that World Change Starts with Educated Children. We envision a world in which all children can pursue a quality education that enables them to reach their full potential and contribute to their community and the world.

Thank you for joining us in transforming the lives of millions of children in developing countries by focusing on literacy and gender equality in education. Working in collaboration with local communities, partner organizations and governments, we develop literacy skills and a habit of reading among primary school children, and support girls to complete secondary school with the relevant life skills to succeed in school and beyond.
