In honour of your generosity and investment in our future, we would love to show our appreciation by:

- Sending you regular updates, including a subscription to our monthly newsletter

Room to Read is working to create a world free from illiteracy and gender inequality.

When you create a legacy gift, you are making a lasting commitment that will benefit generations of children for years to come. You can establish a legacy that honours both your loved ones and the mission of Room to Read.

Dr. Raji Ambikairajah

The greatest impact that any of us can have is that which carries beyond our own lifetime. No matter where we are in the timeline of humanity, education will be the great leveler and the most effective tool in solving the world’s challenges and creating future changemakers.
Think about what you would like to support - most supporters choose to invest in our greatest need. Decide what type of gift is appropriate for you – a residuary gift will provide you with the most flexibility. Consult your financial advisor or visit your trusted online will-making website to create or adapt your will. Please let us know that you have included us in your estate plans so we can express our gratitude and keep you up to date on our work!

Creating your legacy is easier than you think
